BUSINESS OPERATIONS

STUART STERNBERG / PRINCIPAL OWNER

Stuart Sternberg enters his 22nd season with the Tampa Bay Rays. He joined as a general partner of the franchise in 2004 and became its principal owner after the 2005 season. Sternberg decided to rebrand the franchise to the Rays prior to the 2008 season. It marked the beginning of a new era for the Tampa Bay Rays.

In the 17 seasons since then, the Rays own the third-best record in baseball at 1,446-1,207 (.545) and have made nine trips to the postseason, including four AL East division titles (2021, 2020, 2010, 2008) and two World Series appearances (2020, 2008). During this span, only four clubs (Braves, Cardinals, Dodgers, Yankees) have reached the postseason more often than the Rays, and only five (Astros, Dodgers, Giants, Phillies, Rangers) have competed in more World Series. This success comes after the Devil Rays amassed the majors' worst record at 645-972 (.399) over the club's first decade of existence.

"Sternberg is the connective tissue running through the two [World Series] teams," wrote Richard Justice on MLB.com. "His taking over the Rays in 2005 began one of the great turnarounds in baseball history, from one of the least successful franchises to one of the best."

Sternberg has built an organization that encourages experimentation and nurtures new ideas. In 2008, 2019 and again in 2021, Baseball America named the Rays its MLB Organization of the Year. This environment has cultivated some of the top leadership talent across the game, including numerous managers and general managers for both small- and large-market teams.

"You want to know why they have so many innovative strategies?" wrote *Tampa Bay Times* columnist John Romano. "Because owner Stu Sternberg is not constantly looking over their shoulders, tallying up every success and failure."

Sternberg takes great pride in the organization's community service and commitment to its employees. Under his leadership, an employee-first culture defines the organization. It is fostered through myriad initiatives, including a wellness program and a staff-led service group, the Employee Community Outreach Team (ECOT). As part of this commitment to community involvement, all employees are urged to spend one paid day each month volunteering. To date, total volunteer hours for the organization exceed 47,000.

Over the past eight years, Sternberg and his partners have invested more than $25 million in capital improvements to Tropicana Field—including upgrades to the video boards and speaker system; energy-efficient LED lights throughout the stadium; an overhauled food, beverage and retail space; and the versatile Left Field Ledge. Since 2005, the Rays have invested more than $55 million in upgrades to Tropicana Field.

Under his direction, the Rays have implemented a wide variety of fan-friendly policies. The organization was the first major league team to convert its ballpark to a cash-free facility, reducing wait times by up to 50 percent at concession and retail locations. The Rays commitment to technology and innovation has continued in recent years, and accelerated in the wake of COVID-19, with investment in new technologies and building systems to support mobile ticketing, mobile payments and promote a contactless and frictionless fan journey. The Rays also have been rated by ESPN as one of the most affordable experiences in all of sports.

Sternberg serves as chairman of MLB's Strategic Planning Committee. He is also a member of both MLB's Ownership Committee and its Social Responsibility Committee. Additionally, Sternberg is a member of the board of advisors for Moffitt Cancer Center.

Prior to his ownership of the Rays, Sternberg spent 25 years in the financial securities industry, serving as a partner in Spear, Leeds & Kellogg and then as a partner and managing director at Goldman Sachs, from which he retired in 2003. Sternberg and his wife, Lisa, have four children. He resides in St. Petersburg.

Matt Silverman enters his 22nd season with the Rays and 17th as team president. Together, he and Brian Auld lead the club's operations both internally and externally.

Silverman returned to the team president role in the fall of 2017 after serving three seasons (2015-17) as president of baseball operations. He was first promoted to team president in October 2005 at the age of 29, and over the next nine years guided the franchise through the most progressive growth stage in its history. At the top of the list is the revitalization of the Rays. In the fall of 2007, Silverman directed a complete organizational rebranding including a new name, colors, uniforms and logo, a bright yellow sunburst.

While steering the baseball operations department, Silverman oversaw significant leadership changes, both on the field and in the front office. During this time, he and his staff engineered 36 trades involving nearly 100 players, restocking the organization's minor league pipeline. In December 2014, he hired Kevin Cash to become the fifth manager in Rays history. In November 2016, he elevated Erik Neander and others within the baseball operations department. One year later, his move back to team president completed the transition of baseball leadership, passing the baton to Neander as the team's top-ranking baseball official. Neander would eventually be recognized as MLB Executive of the Year and Cash AL Manager of the Year twice.

Silverman is chairman emeritus of Starting Right, Now, which helps homeless high school students reach their potential. He is in his 12th year as the first chairman of the board of the Positive Coaching Alliance Tampa Bay, the regional chapter of the national nonprofit providing youth and high school athletes a positive, character-building youth sports experience. He also serves on the board of the Rays Baseball Foundation.

Prior to joining the Rays, Silverman worked closely with Stuart Sternberg at Goldman Sachs and orchestrated Sternberg's purchase of controlling interest in the franchise. In 2018, Silverman and Auld oversaw the Rays purchase of the Tampa Bay Rowdies USL soccer team, based in St. Petersburg. The Dallas native first met Auld in high school, and they graduated one year apart. He holds a bachelor of economics degree from Harvard University. Matt and his wife, Andrea, reside in St. Petersburg with their three daughters: Alexa, Samantha and Casey.

SPECIAL SEATS

Fans at Tropicana Field will notice two golden seats, one white seat and one seat memorialized with a plaque in the right field seating area. The golden seat in the third row of Section 148 is the location where the Rays first home run landed, a two-run shot hit by Wade Boggs off DET Justin Thompson in the 6th inning of the Rays inaugural game on March 31, 1998. The other golden seat, in Section 144, marks the spot where Boggs' 3,000th hit landed, a two-run home run off CLE Chris Haney on Aug. 7, 1999. The white seat in Section 140 (Row T, Seat 10) marks the spot where Dan Johnson's two-out, 9th-inning, game-tying home run landed against the Yankees in Game 162 of the 2011 season. Three innings later, Evan Longoria hit a walk-off homer to left field giving the Rays an 8-7 win, clinching the AL Wild Card.

Finally, on July 11, 2015, the Rays dedicated a special seat above the right field walkway that will always remain empty in remembrance of prisoners of war (POW) and those missing in action (MIA). Then-president of baseball operations Matt Silverman and pitcher Matt Moore joined World War II veteran and former POW Andrew H. Hines Jr. and Rep. David Jolly of the 13th Congressional District in the pregame ceremony.

BRIAN AULD / PRESIDENT

Brian Auld begins his 21st season with the Rays and his 11th in his current position as team president. Together, he and Matt Silverman lead the club's operations both internally and externally.

Under Auld's leadership, the Rays have developed a thriving workplace culture. In addition to paid parental leave, adoption benefits, paid volunteer time and a wellness initiative, the Rays created a $15 minimum wage for all part-time employees.

In 2018, Auld and Silverman oversaw the Rays purchase of the Tampa Bay Rowdies USL soccer team, based in St. Petersburg. They now also serve as vice chairmen of the Rowdies, overseeing all franchise operations.

Prior to Auld's promotion to team president, he oversaw a wide spectrum of the team's business operations, including the human resources, information technology, marketing, ticket sales, fan experience and stadium operations departments. Auld joined the Rays in June 2005 as director of planning and development, where he worked closely with Silverman to define organizational priorities and assist with the transition in ownership. Soon after, he played a key role in establishing the Employee Community Outreach Team (ECOT). All Rays staff may spend up to one paid workday each month volunteering in the community, and ECOT assists by planning opportunities.

Before joining the Rays, Auld attended Harvard Business School, where he earned his MBA focusing on managing human capital, marketing and finance. Auld's previous work experience includes serving as lead teacher and director of development for the East Palo Alto Charter School in California.

Born in Berkeley, Calif., Auld received a bachelor's degree in economics and master's degree in education from Stanford University, where he also captained the lacrosse team. A START TO REMEMBER

In 2023, the Rays began the season with 13 consecutive wins, tying the 1987 Brewers and 1982 Braves for the longest season-opening winning streak in the modern era (since 1900). In major league history, only the 1884 St. Louis Maroons (20-0) have a longer streak. It marked the Rays longest winning streak at any point in franchise history.

During the streak, the Rays trailed at the end of only six of 117 innings, fewest to open a season in the modern era. Each of the first nine victories came by four or more runs, the second-longest such streak in major league history behind the 1884 Maroons (13)–before the Rays accomplished the feat, the last club to win nine consecutive games by four or more runs at any point in a season was the 1939 Yankees (10).

The Rays outscored opponents, 101-30 (+71), during the streak, the first team in the majors to score 100 or more runs while allowing 30 or fewer over any 13-game span since the 1931 Yankees. The plus-71 run differential was third best over a club's first 13 games of a season in major league history, trailing the 1884 Maroons (+115) and 1884 New York Gothams (+73), both of whom played before the mound was moved to its current distance in 1893.

Wins eight, nine and 10 all came in shutout fashion, the first time in club history the Rays recorded three consecutive shutouts. This includes back-to-back 11-0 wins over the Athletics, making the Rays the fourth major league team to tally consecutive shutout wins, both by 10 or more runs, along with the 2019 Orioles, 1936 Tigers and 1885 Giants.

After the 11th game, the Rays had hit 29 homers and allowed only 20 runs, the largest difference between home runs hit and runs allowed by any team after any day in MLB history. Their 32 home runs overall during the streak were third most through a team's first 13 games behind the 2019 Mariners (33) and 2000 Cardinals (33).

One year later, Matt Silverman shifted to team president after a three-year stretch as president of baseball operations.

With Neander as the club's top-ranking baseball official, the Rays have made the postseason in five of seven seasons, including a club-record five consecutive postseason berths from 2019-23, one of four teams in the majors to accomplish the feat in each of those seasons along with the Astros, Braves and Dodgers. Since Neander took the helm ahead of the 2018 season, the Rays own the fifth-best winning percentage in baseball at .573 (591-441), trailing only the Dodgers (.635), Astros (.599), Braves (.586) and Yankees (.584). He and his group assembled a club that finished with the best record in the AL in both 2020 and 2021.

In 2021, the Rays went 100-62 and set a club record for wins in a single season. For the second time in three years (2019), the Rays were recognized as *Baseball America* Organization of the Year. In the shortened 2020 season, Erik assembled a team that went 40-20 and reached the World Series. In 2019, the team's accomplishments earned industry acclaim for both Neander and the organization. Erik was selected by his peers as Major League Baseball's Executive of the Year and earned a similar honor from the Sporting News.

Every player on the current 40-man roster and 60-day IL has been acquired since Neander was appointed the club's top-ranking baseball official, including 26 via trade. Among the trade acquisitions are pitchers Shane Baz, Garrett Cleavinger, Pete Fairbanks, Ryan Pepiot and Drew Rasmussen. Also included are position players José Caballero, Junior Caminero, Jonny DeLuca, Christopher Morel, Richie Palacios, Ben Rortvedt and 2023 AL batting champion Yandy Díaz. At the 2024 trade deadline, Neander and his team conducted a total of eight trades over a span of five days from July 26-30, sending away eight players and acquiring 16, nine of whom were among the top 30 prospects in the Rays system at the end of the season, according to MLB.com. Of the 28 players on the Rays season-ending roster, a major league-most 19 were acquired via trade, ahead of the Red Sox (15).

In January 2025, he signed Ha-Seong Kim to a two-year, $29 million contract, the second-largest deal the Rays have ever given a position player by total value behind Greg Vaughn's four-year, $34-million pact signed in December 1999.

The Rays enter the 2025 season ranked by *Baseball America* as the No. 6 farm system in the game, the eighth consecutive season they have placed among the preseason's top-10 systems. The publication placed six Rays prospects on its preseason top-100 list: Carson Williams (No. 11), Brayden Taylor (No. 65), Tre' Morgan (No. 80), Xavier Isaac (No. 87), Trevor Harrison (No. 90) and Gary Gill Hill (No. 94). EDUCATIONAL STOREFRONTS

- **JA BizTown**
  Junior Achievement's BizTown combines in-class learning with a day-long visit to a simulated town including the Tampa Bay Rays. This popular learning experience allows elementary school students to operate banks, manage

restaurants, write checks and vote for mayor. Students are able to connect the dots between what they learn in school and the real world.

- **Enterprise Village & Finance Park**
  The Rays Baseball Foundation is a proud supporter of Pinellas Education Foundation's Enterprise Village and Finance Park. Students are encouraged to visit the Rays broadcast booth to be filmed while calling a game, just like a Rays broadcaster. There is also a Rays Team Store for students to use their Enterprise Village debit cards to make purchases for Rays promotional items.
- **Great American Teach-In**
  Each year, the Rays partner with Campbell Park Elementary School for the Great American Teach-In. The Great American Teach-In provides an opportunity for members of the community to speak with students about their occupations, hobbies or areas of interest. Rays staff members speak to students about the many career opportunities at the Rays.

SOCIAL RESPONSIBILITY

FOOD DONATION DRIVES

The Rays partner with Feeding Tampa Bay to host several food drives throughout the season. Feeding Tampa Bay's mission is to change lives one meal at a time by leading our community in the fight against hunger. In 2024, the Rays food donation drives created nearly 25,000 meals.

YOUTH DEVELOPMENT

PLAY BALL

The goal of Rays Play Ball is to celebrate youth baseball and softball while simultaneously encouraging participation in all forms of the game. The Rays do this through support of youth leagues, the Rays Jersey Program, field renovations and various Play Ball events, including MLB's Play Ball Weekend.

Each summer, the Rays host children with unique abilities for the Rays Baseball Magic Clinic. Children and their buddies complete various stations, receiving instruction on hitting, pitching and fielding. In addition, prior to every Monday home game, children with unique abilities join Rays players on the field for batting practice and on-field pregame experiences.

RAYS JERSEY PROGRAM

Since 2014, the Rays Jersey Program has outfitted more than 110,000 Tampa Bay area tee-ball players and coaches with jerseys and caps. The program serves leagues in nine area counties and has saved the leagues more than $1 million in equipment costs. As a result of these savings, officials from some participating leagues have noted that they have the ability to pass these savings along to participant families. They have also been able to repair their scoreboards, provide upgrades to dugouts, add fencing for fields, purchase additional equipment and grounds crew supplies, and repair concession stands and other areas of their facilities.

MAGIC MONDAY
Every Monday home game, the Rays recognize a player from Buddy Baseball, A League of Their Own or St. Petersburg Challenger League, which are non-competitive recreational leagues serving the Tampa Bay community for individuals with unique abilities. The players and their families join Rays players on the field for batting practice and participate in an on-field pregame experience.

TUESDAY'S CHAMPION
Before every Tuesday home game, the Rays host a child from the Make-A-Wish Foundation or Children's Dream Fund at the ballpark as a part of a special program called "Tuesday's Champion." Tuesday's Champion, presented by RIPA & Associates, invites the kids, along with their families, to be on the field during batting practice where they can meet and interact with Rays players and coaches, before taking the field and throwing out the ceremonial first pitch. Along with these experiences, they are also given a personalized jersey and a bat. The children selected for the program are battling life-threatening illnesses and many come straight from the hospital for this special experience.

BIG GAME JAMES CLUB
In 2010, Rays pitcher James Shields, and his wife, Ryane, along with the Rays, donated a suite to begin a special club for foster children called the Big Game James Club. In 2013, the suite was renamed the Home Run Club following Shields' trade to the Kansas City Royals. On Opening Day 2023, James symbolically retired as a Ray and the Home Run Club returned to its original name, the Big Game James Club. In partnership with United Concordia Dental, the Big Game James Club continues to offer a sense of stability and belonging to foster children and support for adoptive families. More than 34,000 tickets have been donated for foster children and families to attend Rays games. Big Game James Club and Heart Gallery events hosted by the Rays have resulted in numerous adoptions for local foster children.

BIG BROTHERS BIG SISTERS EMPLOYEE MENTORS
As part of the Rays partnership with Big Brothers Big Sisters, each year, Rays employees volunteer to be a Big Brother or Big Sister and mentor a student at Campbell Park Elementary School which is located next to Tropicana Field. In addition to providing guidance and companionship through weekly mentoring, the Bigs also bring their Littles to a Rays game during the season.

THE WRITE FIELD PROGRAM
The Rays Baseball Foundation presents the Poynter Institute's Write Field Program with an annual partnership grant. The Write Field program is a free, academic year-long program that teaches African American and Hispanic middle schoolers how to be better writers, communicators, and students. The program meets one Saturday each month during the school year and throughout the program, the boys meet with local journalists, community officials, professional athletes, and business leaders to reinforce the communication skills they will need to complete high school and succeed in whatever they pursue next.

SOCIAL RESPONSIBILITY

TEAM SMILE

Since 2018, in partnership with United Concordia Dental, the Rays have partnered with Team Smile, an advocacy group that partners dental professionals with professional athletic organizations to provide life-changing dental care to underserved children in their communities. Children with the Boys & Girls Clubs of the Suncoast, Hispanic Services Council, local foster care groups, and students in Pinellas and Hillsborough County Public Schools have received dental care free of charge, including cleanings, X-rays, screenings and educational material on how to protect their teeth. The value of care provided since 2018 has totaled more than $335,000.

ORLANDO HEALTH HOSPITAL VISITS

The Rays proudly partner with Orlando Health Bayfront Hospital to bring players, coaches and mascots to the hospital several times throughout the season to raise the spirits of patients and their families.

MENTAL HEALTH AWARENESS

The Rays suffered a tragic loss in early 2022, when bullpen catcher Jean Ramirez died by suicide. His passing was a sobering reminder of the importance of mental health and the silent form that mental health struggles can take. Since 2017, the Rays Baseball Foundation has donated more than $185,000 to the Crisis Center of Tampa Bay. Throughout the month of May, Rays players wear green ribbons on their jerseys to support Mental Health Awareness. The Rays and Orlando Health's leadership teams also teamed up to participate in mental health first aid training.

- Hunter is a graduate of Harvard University, where he earned a bachelor's degree in physics with a minor in computer science…during his time as an Ivy Leaguer, he spent countless hours in research labs with classmates trying to find an efficient way to get CRISPR-Cas9, a gene-editing protein, into heart valve cells…despite leaving Harvard following his junior season after the Cubs drafted him, he has since returned to school and obtained his degree.

- Hunter had to forgo multiple non-baseball opportunities to pursue a chance to play in the majors…he was set to begin an internship at BlackRock, a financial institution in California, following his junior year at Harvard; however, he was drafted by the Cubs the day before his scheduled start date…during the COVID-canceled 2020 minor league season, he was one of the first seven employees hired at a tech startup called Column, which builds technology to improve the public notice process for local media, government officials and legal service professionals…Casey is now employed there… Hunter plans to return to the tech industry following his baseball career.

X-RAY REPORT

- Taj didn't begin pitching regularly until he was a high school senior…he played several sports growing up, but was fully committed to baseball by age nine, albeit as an outfielder, corner infielder and catcher…although he initially had no desire to take the mound, scouts quickly took notice of his natural throwing ability.
- He is a product of the Marquis Grissom Baseball Association, playing on the same travel ball team as Athletics outfielder Lawrence Butler…he was also childhood friends with fellow Grissom alumni Michael Harris II and Chandler Simpson.
- Taj is close with Hall of Fame pitcher CC Sabathia…the two regularly communicate via text and met up at a home run derby event in the Bahamas over the offseason.
- His mother, Ana Mosley, has kept notes of each of her son's professional outings in a personalized scorebook since he debuted for Rookie-level Princeton in 2019…when she couldn't attend in person, she followed along via streaming broadcasts.
- During his journey to the big leagues, Taj kept a journal so he had a foundation of what to build on from outing to outing…for Christmas one year, his mom got him three notebooks for different thoughts: pitching assessments, motivational quotes and off-the-field lessons.
- In addition to writing, one of Taj's favorite hobbies is watching movies…growing up, he and his family enjoyed a weekly ritual of picking out Redbox movies for the weekend every Friday… he started a movie club with teammates while working through the Rays farm system, with a goal of watching and discussing one movie per week with teammates.

2024 SEASON

- Went 8-11 with a 4.11 ERA (138.0IP, 63ER) and 154 SO over 25 starts…set career highs in nearly every major category while leading the club in strikeouts, wins and quality starts (T1st, 10).

- Posted a 2.23 ERA (40.1IP, 10ER) from the 5th inning on, second lowest among major league starters (min. 20GS) behind PIT Paul Skenes (2.09)…did not allow a run from the 6th inning on (19.0IP).
- Opened the season on the 15-day IL (right pectoral strain) due to an injury suffered while warming up for his scheduled spring training start on March 12 at BAL…reinstated on May 8 and made his season debut on May 10 vs. NYY.
- Over a nine-start span from June 8–July 25, went 5-1 with a 0.82 ERA (55.0IP, 5ER), .162 (31-for-191) opp. average and 0.89 WHIP…it marked the lowest ERA over any nine-start span in Rays history (excluding openers)…led the majors in ERA and opp. average during the run, while his 65 SO trailed only SD Dylan Cease (75).
- Posted a career-best 24.0 scoreless inning streak from July 8-31, tied for the third-longest streak by an MLB starter in 2024 behind PHI Ranger Suárez (32.0, April 6-27) and SD Yu Darvish (25.0, April 14–May 19)…it marked the fourth-longest

single-season stretch in club history behind J.P. Howell (27.1, 2012), Alex Cobb (24.2, 2014) and Kevin Kelly (24.1, 2024)…it was the sixth-longest streak overall, also trailing Pete Fairbanks (29.2, 2022-23) and Álex Torres (25.1, 2011-13).

- Junior grew up attending games at Estadio Quisqueya Juan Marichal, home of multiple Dominican Winter League clubs…his family still lives less than 10 minutes from the ballpark.
- During his childhood years, his father was a truck driver and his mother worked in physical therapy…despite their busy schedules, his parents ensured he was able to pursue his love for baseball after taking up the sport at age five.
- He was an avid baseball fan throughout his childhood…at age nine, his parents welcomed another boy, Girardi, to the family…the name, which came at Junior's suggestion, was a nod to then-Yankees manager Joe Girardi.
- His favorite player growing up was Alex Rodriguez, but he eventually grew fond of another No. 13 at the hot corner: Manny Machado…he took a selfie with Machado during batting practice at Oriole Park in 2014 while traveling to an international tournament with his youth league team…he finally faced Machado as a big leaguer last August, with the two swapping signed jerseys…Junior credits his idol as his inspiration for donning No. 13.
- Junior made headlines in his home country this offseason…in January, he was invited to the National Palace of the Dominican Republic to meet President Luis Abinader…he also led his hometown Leones del Esogido to a Dominican Winter League title, taking a spirited 55-second home run trot after his 9th-inning, go-ahead homer in Game 7 of the championship series… Escogido manager Albert Pujols referred to Junior as a "future Hall of Famer."
- Junior's nickname is *La Máxima*, which translates to "the maximum" or "the greatest."

- When the minor league season was canceled in 2020, Jonny used the unexpected free time to work with private hitting coaches Craig Wallenbrock and Doug Latta…the latter helped adjust his mechanics to unlock more power in his swing, allowing him go from five homers during his final collegiate season in 2019 to 22 in his first full professional season two years later.

- Yandy is a gym rat whose muscles have been featured in *Men's Journal*…he began weightlifting when he was 12 years old.
- Yandy is afraid of ghosts and made the mistake of entrusting his teammates with this news before a Rays road trip to Milwaukee…the team stayed at the Pfister Hotel, where a number of major leaguers have claimed to experience paranormal activity…his teammates did little to ease his concerns, taping a cartoon ghost in his locker ahead of the Milwaukee series with the Spanish word *cuidado*—"watch out"—written on it.

> “The key is that he’s really talented, and his eyes are good. The pitch recognition, I think it’s as good as anybody, and maybe the best in baseball. I put him up there with Juan Soto. Soto has more power underneath, but as far as bat to ball, what Yandy does is really impressive.”

X-RAY REPORT

- Danny started playing catcher at age nine thanks to his father, Steve, a former junior college backstop…the elder Jansen, who coached both Danny and his older brother, Matthew, had a system of identifying Little League catchers that involved suiting up each player in full gear, one-by-one, to catch batting practice in a cage…the player who complained the least—in this case, Danny—would become the team's backstop.
- He sports a pair of clear-framed Nike glasses during games…Danny first realized he was experiencing blurry vision during a night game in the spring of 2016 when he had trouble reading the scoreboard and struggled to track pitch spin…according to Danny, "half the things [I] see without glasses are blurry."
- Danny was born in Illinois, but moved to Grand Chute, Wisconsin as a child, a two-hour drive northwest from Madison, the hometown of fellow Rays catcher Ben Rortvedt…he estimates he was one of three Chicago Bears fans living in his area, which is located 30 miles from Lambeau Field, home of the Green Bay Packers.
- His childhood home in Wisconsin is located near Fox Cities Stadium, home of the Class-A Wisconsin Timber Rattlers (MIL), where he has attended countless minor league games… growing up, his family often hosted Timber Rattlers players during their stints with the club, including future big-leaguer Adam Jones.
- Despite growing up a Cubs fan, Danny's childhood bedroom featured a poster of Frank Thomas.
- Danny and his wife, Alexis, were married in 2021…the couple has two children: Miles and Josephine.

game…appeared for the Blue Jays in their June 26 game vs. the Red Sox, which was postponed midway through the 2nd inning due to rain…the contest resumed on Aug. 26, with Jansen, now a member of the Red Sox, penciled into Boston's lineup following a July 27 trade.

X-RAY REPORT

- Zack was technically born in Burlington, N.C. because there was no hospital in his hometown of Mebane (pronounced meb-in)…the town was named after Alexander Mebane, an American Revolutionary War general and member of the U.S. Congress.
- He played "every sport" while growing up in Mebane, including soccer, football, basketball, baseball, swimming and tennis…during Zack's senior year at Eastern Alamance High School, local papers labeled him a prodigy after he went 10-2 with 130 SO over 26 games…he also played shortstop and catcher in high school.
- One of Zack's favorite baseball memories is recording his first (and only) career hit on Sept. 10, 2021 at Wrigley Field during his stint with the Giants…after striking out looking on three pitches in his first professional at-bat a few months earlier, he told teammate Buster Posey, "Hey, watch this, I'm going to get a hit," before heading to the on-deck circle…he proceeded to notch a single to right-center field off Kyle Hendricks…Zack took the ball and the Giants lineup card as keepsakes.
- He and his wife, Autumn, were high school sweethearts before getting married in 2019… they have two sons: Wyatt (3) and Drew (1).
- Some of Zack's hobbies include hunting, fishing and golfing…one of his favorite parts of life in Tampa Bay is spending time by the water.
- After starting his major league career in the bullpen, Zack transitioned into a starting role midway through the 2023 season after the Rays claimed him off waivers from the Red Sox—he has since become one of the club's most reliable starting pitchers…former rotation-mate Zach Eflin has described his approach as "fearless".

2024 SEASON

- Went 8-10 with a 3.63 ERA (156.1IP, 63ER) in his seventh major league season and second with the Rays…marked his first full season as a starter after joining the club's rotation in July 2023… was on the 15-day IL (right shoulder fatigue) from Aug. 17 (retro Aug. 15)–Sept. 1.
- Led the Rays in wins (T1st, 8), innings (156.1), starts (29) and quality starts (T1st, 10), each of which marked career highs.
- Named the receipient of the Paul C. Smith Champion Award by the Tampa Bay chapter of the BBWAA, presented to the player who best exemplifies the spirit of true professionalism on and off the field.
- Min. 150.0 IP, his 4.7 pct. walk rate ranked fifth in the AL/seventh in the majors and was the ninth-lowest mark in Rays history.
- Allowed three runs or fewer in 13 of his 15 home starts, finishing 4-5 with a 2.90 ERA (87.0IP, 28ER), sixth best in the AL (min. 75.0IP)…this, compared to his 4-5 mark and 4.54 ERA (69.1IP, 35ER) in 14 road starts…seven of his 10 quality starts came at Tropicana Field.
- Received two or fewer runs of support in 22 of 29 starts, including 17 of his final 20…min. 150.0 IP, his 3.22 run support average was the lowest in the majors and lowest in Rays history (prev. Tony Saunders, 3.51 in 1998)…despite this, the Rays managed a 14-15 record in his starts.
- Recorded a 36.9 pct. usage rate on his fastballs (four-seamer/sinker), second lowest in the majors, higher than only BOS Tanner Houck (33.8%)…opponents hit .311 (41-for-132) against his fastballs in the first half and .153 (11-for-72) after the All-Star break, second best in the AL (min. 50AB) behind TOR Bowden Francis (.138).

- Opposing hitters fouled off 20.7 pct. of his pitches, the sixth-highest mark among AL starters (min. 2,000 pitches) and third highest by a Rays starter in the pitch-tracking era (since 2008) behind Jake Odorizzi (21.7%) in 2016 and Scott Kazmir (21.7%) in 2008.
- His 156.1 IP were second most in Rays history by a pitcher who did not record a wild pitch, trailing Zach Eflin (177.2) in 2023…was one of four MLB hurlers with at least 150.0 IP and no wild pitches, joining SEA Luis Castillo (175.1), STL Miles Mikolas (171.2) and OAK JP Sears (180.2).
- From April 17–May 4, recorded 6 SO or morewithout issuing a walk in a club-record four straight starts.

DID YOU KNOW?

CATWALK RUNDOWN

The four catwalks located above the playing surface at Tropicana Field are labeled the A-, B-, C- and D-rings, with the lowest being the D-ring. Any fair ball that hits the lower two catwalks (C, D) is a home run. A fair ball that hits one of the top two catwalks (A, B) is in play. Any fair ball that stays on one of the top two catwalks is a ground-rule double. A foul ball that hits one of the catwalks is a dead ball.

- The **D-ring** ranges from 59 feet above the playing surface in CF to 121 feet behind home plate.
- The **C-ring** ranges from 99 feet in CF to 146 feet behind home plate.
- The **B-ring** ranges from 142 feet in CF to 173 feet behind home plate.
- The **A-ring** ranges from 181 feet in CF to 194 feet behind home plate.

In 27 seasons at Tropicana Field, 200 fair balls have hit catwalks: C-ring (108), B (46), D (40), A (6). This includes two during the relocated Rangers-Astros series in 2017 due to the devastation caused by Hurricane Harvey. Not included in that total is one fair ball that struck the roof, off the bat of MIN Miguel Sanó on Aug. 7, 2016.

Five fair balls have hit catwalks in the postseason, all home runs: Evan Longoria off the C-ring in Game 1 of the 2008 ALDS vs. CHW, B.J. Upton off the C-ring in Game 6 of the 2008 ALCS vs. BOS, Willy Adames off the D-ring in Game 4 of the 2019 ALDS vs. HOU, TOR Danny Jansen off the D-ring in Game 2 of the 2020 AL Wild Card Series and Nelson Cruz off the C-ring in Game 1 of the 2021 ALDS vs. BOS.

Eight times a fair ball has hit a catwalk and not come down: TB Brett Phillips, April 12, 2022 vs. OAK (C-ring); TEX Joey Gallo, June 30, 2019 (D-ring); TB Avisaíl García, April 18, 2019 vs. BAL (D-ring); TB John Jaso, Sept. 17, 2015 vs. BAL (C-ring); BOS David Ortiz, Sept. 17, 2008 (D-ring); BOS Jason Bay, Sept. 15, 2008 (C-ring); Carlos Peña, May 26, 2008 vs. TEX (B-ring); and José Canseco, May 2, 1999 vs. DET (B-ring).

Evan Longoria is the all-time leader in fair balls off the catwalk (11) and catwalk home runs (8). Alex Rodriguez and David Ortiz hit the catwalks five times, most of any visiting players. Carlos Peña hit the catwalks five times in 2007, most by any player in one season. All told, 44 different Rays have hit balls off the catwalks in the regular season: Evan Longoria (10), Jonny Gomes (8), Carlos Peña (8), Greg Vaughn (6), Fred McGriff (4), Steven Souza Jr. (3), José Canseco (3), Ben Grieve (3), Willy Adames (2), Curt Casali (2), Carl Crawford (2), Vinny Castilla (2), Avisaíl García (2), Travis Lee (2), Brandon Lowe (2), Brett Phillips (2), Rocco Baldelli (1), Tim Beckham (1), Dylan Carlson (1), Corey Dickerson (1), Logan Forsythe (1), Nick Franklin (1), Aubrey Huff (1), John Jaso (1), Matt Joyce (1), Pete LaForest (1), Josh Lowe (1), Brendan McKay (1), Austin Meadows (1), Brad Miller (1), Logan Morrison (1), Eduardo Perez (1), Tommy Pham (1), Sean Rodríguez (1), Jared Sandberg (1), Kelly Shoppach (1), Grady Sizemore (1), Paul Sorrento (1), Bubba Trammell (1), B.J. High School, but instead accepted an appointment to the U.S. Naval Academy...David played football and baseball at Navy as a linebacker and pitcher...he went on to serve as a Navy pilot for 20 years.
- Josh is the younger brother of Nationals 1B Nathaniel Lowe, who played for the Rays from 2019-20...they became the second set of brothers to play for the Rays, joining INF Julio Lugo (2003-06) and RHP Ruddy Lugo (2006-07)...they were teammates with Class-A Charlotte in the Rays system in 2017 and lived with Lucius Fox in a three-bedroom townhouse in the Riverwood retirement community in Port Charlotte... when Nathaniel's Rangers beat Josh's Rays in the 2023 AL Wild Card Series, they became the seventh brothers in MLB history to face off in the postseason.
- One of the family's favorite stories involves a game of catch and a broken window...when the two brothers were young, they were warned not to attempt knuckleballs in the backyard... moments later, Josh uncorked a sidearm knuckler that sailed through a back window.
- His mother, Wendy, was diagnosed with glioblastoma, an aggressive form of brain cancer, during the summer of 2023...Josh describes her as "one of the strongest people I know."...while the diagnosis prevented her from making the postseason series featuring her sons, she was able to attend the Rays series in Arlington last July.

- Entered the All-Star break batting .211 (31-for-147) over 44 appearances, missing 44 games due to a nagging right oblique injury... struck out at least once in each of his final 15 appearances before the break, the longest streak of his career...following the Midsummer Classic, slashed .262/.320/.403 (54-for-26) with 17 XBH (5HR) and 20 RBI over 62 games, remaining on the active roster for the entire second half.

X-RAY REPORT

- Curtis is the third Australian-born player to appear for the Rays, joining pitchers Grant Balfour (2007-10, 2014-15) and Damian Moss (2004)…he is attempting to become the first Australian position player regular since MIL Dave Nilsson, who took his final at-bat in the majors over a year before Curtis was born.

- His grandfather was a cricket player who picked up baseball when he lived in Darwin, where the game was introduced by American servicemen stationed there during World War II.
- For most of his childhood, he was pushed to play Aussie rules football, but chose the road less traveled in baseball…at age 16, the Woodville-West Torrens in the South Australian National Football League requested that Curtis picked a sport to focus on… he chose baseball and earned a spot on the Australian junior National Team and as a professional in the Australian Baseball League.
- His sister, Jamie, played softball at Southeastern University in Lakeland, Fla.
- Curtis and his wife, Delaney, were married in January in his hometown of Adelaide, Australia.
- The Mead family flew approximately 10,000 miles over the course of 40 hours to witness Curtis' MLB debut in August 2023…they journeyed from their residence in Adelaide to Melbourne to Los Angeles to Detroit, landing in the U.S. right before Curtis recorded his first hit, sparking tears of joy while the Meads waited to pass through customs.

X-RAY REPORT

- When he received the call from Triple-A Durham manager Morgan Ensberg informing him of his major league promotion, Mason and his fiancée, Madison, were shopping at a Target in Columbus, Ohio, capitalizing on a rare mid-week off day to see the movie "Blink Twice"... after an early-morning flight, he made his major league debut at Tropicana Field the following evening.
- Mason prefers a simple, yet effective, approach to pitching...when asked to explain his philosophy, he said, "It's pretty simple, but my approach is to just kind of throw the ball down the middle and let my stuff work...I'm not a guy who likes to try to go for corners...I'll try to play it up in the zone, but pretty much from the start of the at-bat, I'm throwing it down the middle. It's all about strike-throwing...if you throw strikes, you're going to be successful."
- Mason's father, Bobby, played collegiate baseball at Howard Payne University.
- He enjoys outdoor leisure activities in his free time, especially fishing.

X-RAY REPORT

- Eric is a two-time cancer survivor…he was first diagnosed with testicular cancer two months shy of his 21st birthday, undergoing successful surgery to remove the tumor…after another surgery to remove swollen lymph nodes, he was admitted to the hospital with fluid in his lungs…that issue was quickly resolved, but doctors noticed a suspicious mole on his back, leading to a melanoma diagnosis just three months after the testicular cancer was discovered…several more surgeries and full body scans later, he was declared cancer-free…he returned to the mound on opening night for the University of New Orleans before their season was canceled amidst the COVID-19 pandemic.
- Before returning to play, Eric trained at a facility in Covington, Lousiana called TopVelocity, working with owner Brent Pourciau to overhaul his strength and conditioning, nutrition and biomechanics…he also worked to develop his splitter, which was featured by Rob Friedman (Pitching Ninja) on Twitter in April 2020, into a "major league" pitch…after the season was canceled, Pourciau used his vast social media audience of nearly 450,000 followers to showcase Eric's milestones and progress, including a 36-inch vertical jump, rapidly climbing velocity and improved spin rates…the social media attention had a significant impact on Eric's fifth-round selection by the Mets in 2020.

X-RAY REPORT

- Ben grew up within 30 miles of the original Culver's location in Sauk City, Wisconsin…in high school, he enjoyed a ritual of stopping by his local Culver's for a butterburger and cheese curds after baseball games.
- He didn't join his first travel baseball team until age 16, instead focusing on his roles as a soccer player and football kicker/punter.
- Ben overcame three knee surgeries and an aneurysm in his shoulder during his journey to becoming a big-league regular…during spring training in 2023, he underwent surgery after doctors found he had experienced an aneurysm in the posterior artery near his left shoulder… he realized something was wrong after noticing discoloration in his left index finger—had the issue not been identified in time, amputation might have been the only option…during his recovery from the surgery, he adopted a cat, Sully, whose face now adorns one of his custom gloves.
- He was nicknamed "Benny Biceps" early in his career…his father, Eric, encouraged Ben to begin lifting weights in middle school…today, he does most of his heavy lifting during the offseason, but enters "maintenance mode" to prevent injuries during the season.
- Ben made his first career pitching appearance last April, tossing a pair of innings against San Francisco…he tallied his first career strikeout against Tyler Fitzgerald and kept the ball to display in his living room…during the appearance, he recalls glancing at the radar gun after every fastball to see how hard he could throw…it was his first time pitching since Little League.
- Ben celebrated the birth of his son, Brooks Taylor, last August.

X-RAY REPORT

- Cole and Beau co-own a San Diego-based business called Sigma Sports Recruiting Consulting, where they share their experiences and insight with young players who may be interested in following paths similar to theirs.
- Cole and his wife, Dana, were married in 2022 and celebrated the birth of their son, Cody, this past January…Dana is a model and actress and has appeared in several commercials…in 2020, the couple co-authored a children's picture book loosely based on Cole's baseball journey called "Benny the Pitcher"…the story follows a farm dog who chases his dream of becoming a famous pitcher.

- He volunteers in several villages in the Dominican Republic during offseasons.

162 LANDING

In 2012, the Rays introduced a new seating area to commemorate the team's dramatic clinching of the 2011 AL Wild Card in Game 162, the final day the regular season. The Seminole Hard Rock Tampa 162 Landing is located off Left Field Street at the point where Evan Longoria's 12th-inning walk-off home run landed, clinching the Rays third postseason berth. The entrance to the area is open to the public, and includes a time-line chronicling the events at Tropicana Field and Oriole Park at Camden Yards from that historic evening. The area also features a screen with video highlights and interviews, as well as unique photos and displays, all surrounding Game 162.

EXTRA! EXTRA!

In February 2023, Major League Baseball's joint Competition Committee unanimously voted that extra-inning games in the regular season will begin each half-inning in extras with a runner on second base. The runner placed on second base at the start of each half-inning is the player (or a substitute for such player) in the batting order immediately preceding that half-inning's leadoff hitter. The rule was originally in place on a temporary basis for the 2020-22 seasons.

ALL-STAR BALLOTING

In 2019, Major League Baseball introduced a revamped All-Star balloting process that features two phases of fan voting to determine the starting position players. The top three vote-getters at each position (and top nine outfielders) from the primary phase advance to The Starters Election. Fans then elect starters to the AL All-Star Team and NL squad from that pool of players.

The pitchers and reserves for both All-Star teams will be determined through a combination of player balloting and selections made by the Commissioner's Office. The managers of the teams that played in the previous year's World Series choose the batting orders and starting pitchers.

Since the first All-Star Game in 1933, selection of the All-Stars has shifted on several occasions between fans, players, managers and MLB. In 1933-34, selection of the All-Star teams was up to the fans, who could vote for All-Stars through newspaper ads featuring official ballots. From 1935-46, each league's eight managers selected the participants while the All-Star managers chose the starters. Balloting for the starting lineups, tabulated by the Associated Press, returned to the fans from 1947-57. However, a case of ballot-stuffing by Cincinnati fans in 1957 prompted Commissioner Ford Frick to make player selection the privilege of managers, players and coaches from 1958-69. Commissioner Bowie Kuhn returned voting to the fans in 1970.

THREE-BATTER MINIMUM

Beginning in 2020, the starting pitcher and any relief pitcher must pitch to a minimum of three batters, until the batters are retired or reach base, or until the half-inning is over. An exception exists if the substitute pitcher sustains injury or illness which, in the Crew Chief's judgment, incapacitates him from pitching. This rule was created in an effort to reduce the number of pitching changes and, in turn, cut down the average game time.

PITCH TIMER

In September 2022, MLB announced three rule changes beginning with the 2023 season. They introduced a pitch timer, shift restrictions and bigger bases, each of which had been tested in over 8,000 minor league games. The pitch timer is set at 15 seconds with the bases empty and 18 seconds with a runner(s) on base, down from 20 seconds in 2024. Hitters will receive one timeout per plate appearance and the pitcher can step off the rubber twice.

ALL-STAR GAMES

The 95th MLB All-Star Game will be held on Tuesday, July 15, 2025 at Truist Park in Atlanta. It marks the third time the Braves have hosted the Midsummer Classic (2000, 1972). The Rays are the only current club yet to host one. The 2026 All-Star Game will be played at Philadelphia's Citizens Bank Park.

The pandemic-shortened 2020 season was the first summer in 75 years without an All-Star Game. In 1945, no Midsummer Classic was played due to World War II.

The Rays have played 40 doubleheaders in club history, going 8-14-18 (W-L-T). They are 3-4-7 in traditional doubleheaders and 5-10-11 in split doubleheaders. The eight times they swept a doubleheader: July 15, 2023 at KC, July 2, 2022 at TOR; July 7, 2021 vs. CLE; Sept. 17, 2020 at BAL; May 1, 2014 at BOS; June 24, 2012 at PHI; April 28, 2011 at MIN and Sept. 23, 2008 at BAL.

Five of these doubleheaders occurred at Tropicana Field, all of them traditional. The Rays have split four of these and swept one.

- The first Tropicana Field doubleheader, Sept. 30, 2004 vs. DET, was a result of games rescheduled due to Hurricane Frances four weeks prior. They lost the first game, 8-0, and won the second, 6-4.
- On June 10, 2017 vs. OAK, the Rays hosted MLB's first scheduled twin bill since July 16, 2011 (Angels at Athletics). They won the first game, 6-5, on a 10th-inning walk-off single by Evan Longoria. Forty minutes later, they began the next game, a 7-2 loss.
- On Sept. 3, 2019 vs. BAL, the series finale was moved up a day as part of a doubleheader as Hurricane Dorian approached. The Rays lost the first game, 4-2, and won the second, 2-0.
- On Aug. 8, 2020 vs. NYY, a schedule change due to the COVID-19 pandemic prompted a doubleheader. The Rays lost the first game, 8-4, and won the second, 5-3.
- On July 7, 2021 vs. CLE, the schedule was adjusted due to the path of Tropical Storm Elsa. The Rays swept a doubleheader at Tropicana Field for the first time, winning a pair of 7-inning games 8-1 and 4-0. They did not allow a hit in Game 2, using five pitchers to combine for the Elias Sports Bureau definition of a "notable achievement."

MAJOR LEAGUE WAIVER RULES

There are two types of waiver requests: outright waivers and unconditional release waivers. Both types are irrevocable. Outright waivers are required for a major league club to assign a player outright to a minor league club. Unconditional release waivers can be secured at any point during the year to release a player. After the trade deadline, the only way clubs can acquire major league players until after the World Series is through waiver claims–a new rule introduced in 2019.

ROBERTO CLEMENTE AWARD

Since 1971, Major League Baseball has annually presented an award that recognizes a player who best exemplifies the game of baseball through sportsmanship, community involvement and positive contributions to his team.

In 1973, following the tragic death of Roberto Clemente, the award was named to honor the man whose spirit and goodwill will always be remembered. The 12-time All-Star and Hall of Famer was killed in a plane crash in 1972 delivering food and medical supplies to earthquake victims of Nicaragua. The award recognizes those individuals who truly understand the value of helping others.

A panel of baseball dignitaries, including Vera Clemente and Commissioner Rob Manfred, annually selects the winner from a list of 30 candidates, one from each major league club. These local winners are announced in September on Roberto Clemente Day. The winner of the national Roberto Clemente Award is announced during a pregame ceremony at the World Series.

Below is a list the Rays nominees for the award since 2000:

TRIPLE PLAYS

The Rays have pulled off three triple plays in club history. The most recent came on Sept. 27, 2011 vs. NYY when Russell Martin grounded into a 5-4-3 triple play (Evan Longoria to Ben Zobrist to Sean Rodríguez).

On Sept. 2, 2006 vs. SEA, the Rays pulled off their second triple play, the first at Tropicana Field, in the top of the 1st inning. With runners on first and third, J.P. Howell threw a strike on a 3-2 count to Raul Ibañez for the first out. Catcher Dioner Navarro threw the ball to shortstop Ben Zobrist to retire Adrián Beltré, who was running from first on the pitch. Zobrist then threw back to Navarro to nail José López as he tried to score from third to complete the triple play. It was the first 2-6-2 triple play in major league history.

On Sept. 13, 2002 at TOR, the Rays executed the first triple play in club history (L-4-6-3) with Dewon Brazelton on the mound in his major league debut.

Rays opponents have turned four triple plays, the most recent coming on Aug. 18, 2023 at LAA (Harold Ramírez: 6-4-3-2).Sean Rodríguez accounts for two of the triple plays, both of the 5-4-3 variety–April 17, 2014 vs. NYY and Aug. 16, 2011 at BOS–making him the first player to hit into a pair of triple plays since ATL Chipper Jones (2007, 1996) and before that, SD Tony Gwynn (1995, 1991). In 2011, Rodríguez became the first player since STL Gregg Jefferies in 1993 to hit into a triple play and participate in one defensively in the same season.

On June 11, 2006 at KC, the Royals turned an 8-1-6-5 triple play when Russell Branyan's apparent sacrifice fly was nullified upon appeal, when it was ruled that Aubrey Huff had left third base early on the tag-up. Rocco Baldelli was also caught on the play trying to advance from first to second base.

STORMY WEATHER

The Rays are hosting the regular season at Tampa's George M. Steinbrenner Field, spring training home of the Yankees, following extensive damage to Tropicana Field caused by Hurricane Milton. Prior to 2025, the Rays had six individual games affected by five hurricanes:

- **Hurricane Hilary (Aug. 18-19, 2023):** A rare West Coast hurricane forced the Rays and Angels to conclude their weekend series with a day-night doubleheader on Saturday, Aug. 18 rather than playing the scheduled series finale on Sunday. The Rays dropped the opening contest but pushed across a season high in runs in an 18-4 victory in the nightcap.
- **Hurricane Dorian (Sept. 2-4, 2019):** MLB moved up the Rays-Orioles series finale to be part of a traditional doubleheader on Sep 3—just the third doubleheader in Tropicana Field history. The Rays split the twin bill, and won two of three games in the series.
- **Hurricane Irma (Sept. 11-13, 2017):** MLB moved the three-game series against the Yankees from Tropicana Field to Citi Field in New York. The Rays lost two of three games. It was the fifth time in baseball history that weather concerns forced the relocation of games to a neutral site—but the second in a span of two weeks.
- **Hurricane Jeanne (Sept. 26, 2004):** The Rays and Blue Jays were canceled at Tropicana Field with the storm approaching. The previous night's game, which began at 6:16 p.m., was played with the caveat that no inning could start after 9:15 p.m. The curfew was a precaution to make sure the Blue Jays were able to fly out of Florida after the game.
- **Hurricane Frances (Sept. 3-5, 2004):** MLB postponed two games against the Tigers (Sep 4-5), and the Tigers left St. Pete after the Sep 3 series opener to avoid the storm. The Rays were scheduled to play a Labor Day doubleheader at Yankee Stadium on Sep 6, but were unable to leave Tampa International Airport until 3 p.m. that day. They arrived in New York at 5:25 p.m. and played a single game that night, a 7-4 loss which began at 7 p.m. The postponed game was eventually made up in New York on Sep 23. The Rays and Tigers played (and split) a doubleheader on Sep 30—the first doubleheader ever played at Tropicana Field.
- **Hurricane Gordon (Sept. 17, 2000):** The Rays and Athletics were postponed at Tropicana Field with the storm bearing down. Instead of playing that afternoon, the Athletics flew to Baltimore. The game was never made up, one of three such games in club history.

In addition, Tropicana Field served as a neutral host for a similar situation, as the Rangers-Astros series Aug 29-31, 2017 was moved from Houston due to the devastation caused by Hurricane Harvey. The Astros won two of three games.

PETERSBURG, FLA. – Hall of Famers Ted Williams, Stan Musial, Al Lopez and Monte Irvin throw out the ceremonial first pitches and minutes later, at 5:08 p.m. on March 31, 1998, Major League Baseball is born in Tampa Bay as Wilson Álvarez delivers a ball to Tigers leadoff hitter Brian Hunter. Álvarez pitches a perfect 1st inning but nine of his next 13 BF reach base safely. The Rays fall behind, 11-0, in the 5th inning before Wade Boggs hit a 2-run homer off Justin Thompson in the 6th to account for the first 2 runs in franchise history. The Devil Rays rally for 4 runs in the 9th inning and leave the tying run in the on-deck circle when Paul Sorrento strikes out to end the game. Tampa native Luis Gonzalez hit the first home run at Tropicana Field and added a single and double.

106 YEARS OF MLB IN ST. PETERSBURG

Players take a lunch break during spring training at Coffee Pot Park in 1915. Future Hall of Famer Grover Cleveland Alexander is in the center of the photo, sipping out of a metal cup.

PHOTO COURTESY OF: CITY OF CLEARWATER / PHILLIES

MAJOR LEAGUE BASEBALL HAS HAD A PRESENCE IN ST. PETERSBURG FOR PARTS OF 106 YEARS, DATING BACK TO 1914 WHEN THE ST. LOUIS BROWNS OPENED SPRING TRAINING WORKOUTS.

MLB has also had a presence in St. Pete every year since travel restrictions during World War II prohibited teams from traveling south for spring training from 1943-45.

Nine teams have trained in St. Petersburg: the St. Louis Browns (1914), Philadelphia Phillies (1915-18), Boston Braves (1922-37), New York Yankees (1925-42; 1946-50; 1952-61), St. Louis Cardinals (1938-42; 1946-97), New York Giants (1951), New York Mets (1962-87), Baltimore Orioles (1993-95) and the Devil Rays/Rays (1998-2008).

In 1910, a former Pittsburgh laundry owner named Al Lang moved to St. Petersburg to benefit his health. He soon became interested in the local economy and focused on trying to help the sagging tourism industry. As a baseball fan, he believed the answer was to attract a major league team for spring training.

Lang convinced the St. Louis Browns, under manager Branch Rickey, to move to St. Petersburg in 1914. A baseball committee, formed to attract a major league team to the city, raised $20,000 to buy a large tract of land for a ballpark. The site chosen for the field was Coffee Pot Bayou in St. Pete, where a 2,000-seat grandstand was built.

The first game between two major league teams in St. Petersburg took place on March 27, 1914 as the Grapefruit League was established. The Browns hosted the Chicago Cubs, who were training in Tampa and made the trip by steamboat across Tampa Bay. The Cubs won, 3-2. James Leslie (Hippo) Vaughn was the winning pitcher for the Cubs as an estimated 4,000 looked on.

The resourceful Lang helped engineer a new ballpark, Waterfront Park—located at the approximate site where the parking lot for Al Lang Field is today—and a new arrival, the Boston Braves, christened the new park in 1922. The Yankees joined the Braves in St. Pete in 1925. They would remain for all but four years until 1962, when Casey Stengel and the expansion New York Mets moved in and the Yankees went to Fort Lauderdale.

When the Boston Braves left for Bradenton in 1937, the St. Louis Cardinals came to St. Petersburg the following year and would stay 57 of the next 60 years, missing only the war years.

Minor league baseball in the city began in 1920 as the St. Pete Saints entered the Florida State League.

There was one other professional league in St. Petersburg prior to the Rays arrival in 1998. The Senior Professional Baseball Association—a league of former major leaguers who were 35 years of age or older—sprang up for one season, 1989-90. The St. Pete Pelicans were the first and only league champions.

WILD CARD

The 2022 postseason featured a new format, expanding the pool of teams from 10 to 12 and replacing the two single-elimination Wild Card Games with four best-of-three Wild Card Series... the Rays went 86-76 and entered the postseason as the AL's third Wild Card... the 86 wins were the fewest among the majors' 12 postseason teams and the fewest for a postseason team in club history (excluding 2020).

- *The Rays clinched a fourth straight postseason berth, extending the longest streak in franchise history...they clinched a Wild Card berth on Sept. 30 and ended the season in postseason position for 54 straight days beginning with the end of play on Aug. 13 and 95 of 96 days beginning with the end of play on July 2... the Rays joined the Astros, Braves, Cardinals, Dodgers and Yankees as the only teams to make the postseason every year from 2019-22.*

2020 RAYS POSTSEASON REVIEW

A.L. CHAMPS

The Rays won the AL pennant for the second time in franchise history (2008) but lost the World Series to the Dodgers...they set a major league record in playing 20 postseason games, due in part to the expanded playoff format...the Rays were the ninth team in major league history to play a "winner take all" game in the Division Series and League Championship Series but only the third to win both, joining the 2012 Giants and 1981 Dodgers.

- *The Rays clinched a postseason spot on Sept. 17, won the AL East on Sept. 23 and secured the No. 1 seed on Sept. 26...it marked the second time in club history the Rays finished with the best record in the AL (2010).*

PLAYOFF PAD

With the exception of the Wild Card Series, where the higher seed hosted each game, the rest of the postseason was played at neutral sites due to health, safety and competitive considerations in the COVID-19 pandemic...the Rays spent 17 nights in San Diego for the ALDS and ALCS before flying to Arlington, Texas for the World Series, which was played in front of a limited capacity.

POWER BALL

The Rays hit 34 HR, the most in a single postseason in major league history...67.1 pct. (53 of 79) of the Rays runs came on home runs, compared to 41.5 pct. (120 of 289) in the regular season...according to the Elias Sports Bureau, this was the highest rate for a team in a single postsea-

THE GREAT RANDINO

Rookie Randy Arozarena enjoyed a historic postseason, batting .377/.442/.831 (29-for-77) with 10 HR and 14 RBI in 20 games (all starts) and setting major league records for a single postseason in home runs, hits, extra-base hits (14, tied) and total bases (64)...the previous record was 8 HR by TEX Nelson Cruz in 2011, HOU Carlos Beltrán in 2004 and SF Barry Bonds in 2002.

- *He was named Most Valuable Player of the ALCS, the first rookie position player to win MVP of a League Championship Series or World Series...he has since been joined on this list by HOU Jeremy Peña in the 2022 ALCS and 2022 World Series.*

FRENCH POETRY

In Game 5 of the ALDS vs. NYY, Mike Brosseau hit a go-ahead, solo homer off Aroldis Chapman in the 8th inning to end a 10-pitch at-bat...it was his second time facing Chapman after he was nearly hit in the head by a 100.5 mph pitch on Sept. 1 at NYY.

- *He entered as a pinch-hitter in the 6th and became the third player in postseason history to enter as a sub and deliver a go-ahead homer in a "winner take all" game, joining NYY Aaron Boone's walk-off in Game 7 of the 2003 ALCS vs. BOS and PIT Hal Smith in Game 7 of the 1960 World Series vs. NYY.*

POWER SURGE

The Rays hit 4 HR in the Wild Card Game and 4 HR in Game 3 of the ALDS, twice tying their single-game postseason record…the Rays, who hit the fewest homers among the AL's five postseason clubs, totaled 11 HR in six postseason games…all 11 HR came in the club's 4 games when facing elimination, a major league record for homers in elimination games in a single postseason.

CHARLIE 2.0

In his first season with the Rays, Charlie Morton went 2-0 with a 0.90 ERA (10-IP, 1-ER) in two postseason starts…with his win in the Wild Card Game, he became the first pitcher in major league history to record the win in three "winner take all" playoff games…he defeated his former team in Game 3 of the ALDS, helping the Rays avoid elimination…it was his fourth career win in a potential elimination game, tied for the most in major league history…he won Game 7 of the ALCS the following year to extend both of these postseason records.

CUBAN SMOKE

Yandy Díaz was reinstated from the 60-day IL for the last game of the regular season and hit leadoff in the Wild Card Game…he homered in the 1st and 3rd innings, becoming the fifth Ray with a multi-HR game in the postseason and the first to do it in a "winner take all" game.

- *Díaz was the 10th player in postseason history with a multi-HR effort in a "winner take all" game but only the second out of the leadoff spot, joining BOS Johnny Damon in Game 7 of the 2004 ALCS…he became the first leadoff hitter in major league history to homer in each of his first 2 AB of a postseason.*

ICE CREAM MAN

In the Rays 5-4 win in Game 3 of the ALDS, catcher José Lobaton became the 13th player to hit a walk-off home run in a postseason elimination game…he was the first AL player to do it since BOS David Ortiz in Game 4 of the 2004 ALCS vs. NYY… Lobaton, known for eating ice cream after hitting a home run, also became just the third player to hit a walk-off home run to avoid being swept in a postseason series…he joined Ortiz in 2004 and BOS Trot Nixon in Game 3 of 2003 ALDS vs. OAK.

- *Lobaton's homer was hit into the Rays Touch Tank, the third home run to land there and first by a Rays player…the previous times were by DET Miguel Cabrera on June 30, 2013 and LAD Luis Gonzalez on June 24, 2007.*

HAPPY BIRTHDAY

In Game 3 of the ALDS, Evan Longoria homered on his 28th birthday, becoming the second player in major league history to hit a postseason homer on his birthday…he joined KC Willie Mays Aikens, who hit 2 HR in Game 1 of the 1980 World Series.

NINE FOR NINE

In the Rays 3-1 loss in Game 4 of the ALDS, Rays Manager Joe Maddon used nine pitchers, which set a major league postseason record at the time for a 9-inning game…this has since been broken by the Padres, who used 11 pitchers in their 12-3 loss in Game 3 of the 2020 NLDS vs. LAD.

2011 RAYS POSTSEASON REVIEW

THIRD TIME IN FOUR YEARS

The Rays advanced to the postseason for the third time in a span of four seasons (2008-11), first time as the AL Wild Card...during that span only two other teams made as many postseason appearances: Phillies (4) and Yankees (3)...the Rays became the third major league team and first AL team to advance to the postseason after starting the season 0-6, and just the second major league team to advance to the postseason after starting 1-8...the 1995 Reds won the NL Central after starting 0-6 and 1-8, and the 1974 Pirates won the NL East after starting 0-6.

MATT MOORE

HISTORIC COMEBACK

The Rays became the first team in major league history to be at least 9 GB of a playoff berth in September and make the postseason...the Rays were 9 GB of playoff contention on Sept. 3...the 2011 World Series champion Cardinals were 8.5 GB on Sept. 5...the Rays were 16-8 and the Red Sox were 6-18 over the last 24 games of the regular season, starting Sept. 4.

RAYS vs. RANGERS, PART II

For the second year in a row, the Rays lost to the Rangers in the ALDS...the Rays actually outscored the Rangers, 21-16, but lost the series, 3-1...in these two series, the visiting teams went 8-1...the Rays went 3-1 with 26 runs and 21 XBH at Texas, but 0-5 with 8 runs and 8 XBH at home.

MATT MOORE

At 22 years, 104 days, Matt Moore became the youngest starting pitcher in major league history to win his team's first game of the postseason...that mark was previously held by CIN Gary Nolan (22.129) in the 1970 NLCS...Moore did not allow a run in 7 IP in the Rays 9-0 win in Game 1...he allowed 2 hits, 2 BB and recorded 6 SO while throwing 98 pitches.

- *Moore became the fifth rookie starter to win his team's first game of the postseason and the first to do it since NYY Jim Beattie in Game 1 of the 1978 ALCS at KC...he also became the first rookie in major league history to go at least 7 IP and allow no runs and 2 hits (or fewer) in a postseason game...he remains the 2nd-youngest pitcher to ever do that, behind NYY Waite Hoyt (22.027) in Game 2 of the 1921 World Series vs. the New York Giants.*

- *His .091 opp avg. (3-for-33) remains the 2nd-lowest by a rookie in the postseason (min. 10 IP), topped only by PIT Bruce Kison in 1971 (.088)...remains one of 15 rookies all-time to post a sub-1.00 ERA in the postseason (min. 10 IP)...he was the first to do that since NYY Orlando Hernández in 1998.*

REMARKABLE ROOKIES

Matt Moore and Jeremy Hellickson started Game 1 and Game 4 of the ALDS...the Rays were the 10th team and first since the 2007 Rockies to use two rookie starters in the postseason...the Rays had seven rookies on their 25-man postseason roster.

JAMES SHIELDS

Started and lost Game 2 of the ALDS at TEX, 8-6... he took a 3-0 lead into the 4th inning but allowed 5 runs that frame, which included 2 HBP and 2 WP... he remains the only pitcher in major league history with 2 HBP and 2 WP in a postseason game... it was the first time in his career (in 190 regular and postseason starts) with 2 HBP in an inning and only the second time he threw 2 WP in an inning, following July 6, 2007 at KC.

2010 RAYS POSTSEASON REVIEW

2010 POSTSEASON

The Rays won the AL East for the second time in three seasons...after the current divisional format was adopted in 1994, the Rays became the first team other than the Yankees to win two AL East titles in a full 162-game season...with 96 wins, the Rays led the AL in wins for the first time and finished 2nd in the majors to the Phillies (97)...in addition, the Rays became:

- *The first team in major league history to endure 10 straight losing seasons, then make the postseason in two of the next three seasons.*
- *The first team to average 90-plus wins over three consecutive seasons after 10 straight losing seasons.*
- *The fourth team to average 90-plus wins over three seasons after averaging 90-plus losses the three previous seasons, joining the 1996–2001 Athletics, 1975-80 Brewers and 1988-93 Braves.*

RANGERS DEFEAT RAYS IN ALDS

For the first time in major league history, the road team won every game of a postseason series...the Rays became the first team in major league history to lose three home games in any 5-game postseason series...it was the first ALDS to reach 5 games in five years—since the Angels won at home over the Yankees in 2005.

- *The Rays became the third team to force a Game 5 in a best-of-five series after losing the first 2 games of the series at home...the 1981 Brewers (vs. New York) and 2001 Yankees (vs. Oakland) did it before them...a Division Series was necessary in 1981 due to the split season.*
- *The Rays became the 11th team to force a Game 5 in a 5-game series after losing the first 2 games (home or road)...the Rays were the first team since the 1981 Brewers to force a Game 5 after an 0-2 start and lose Game 5.*

DAVID PRICE AND CLIFF LEE

Price had 14 SO and 0 BB in the series, and Lee had 21 SO and 0 BB...no pitchers in baseball history have totaled more strikeouts without allowing a walk in a postseason series than Lee and Price...ATL Kevin Millwood (2002 NLDS) and CLE Andrew Miller (2016 ALCS) have since tied Price's mark.

[1] REPLACED INJURED ROCCO BALDELLI ON ALDS ROSTER PRIOR TO GAME 2

- *Price lost to Lee twice at home in the series, posting a 4.97 ERA (12.2-IP, 7-ER)…he went 9-2 with a 1.96 ERA (114.2-IP, 25-ER) at home during the regular season…prior to the series, he was 4-0 with a 1.79 ERA (45.1-IP, 9-ER) in 7 starts vs. former Cy Young Award winners, and the Rays won all 7 games.*

2008 RAYS POSTSEASON REVIEW

2008 POSTSEASON

Only one team in major league history lost more games than the Rays (96) the year before going to the World Series: the 1991 Braves, who were 65-97...the Rays were the second team in major league history and the fifth team in the four major sports to advance to its league's championship series the year after having the worst record in the league...the others to do that: 1991 Braves, 1958-59 Minneapolis Lakers, 1958-59 Toronto Maple Leafs and 1949-50 New York Rangers.

RAYS SET A.L. POSTSEASON HOMER MARK

The Rays hit 26 HR in the postseason, an AL record at the time...the previous record was 24, by the Angels in 2002...that mark remained one shy of the major league record until the 2020 postseason, when the Rays hit 34 HR and the Dodgers hit 30 HR...ten different players hit a postseason homer for the Rays.

- *The Rays hit 16 HR in the ALCS, most in LCS history, ahead of the Astros (14) in 2004...this has since been tied by the 2020 Dodgers... they belted 13 HR from Games 2-5, most home runs over a 4-game stretch in postseason history...the Yankees tied this mark in the 2020 postseason.*
- *B.J. Upton's 7 HR in the postseason fell 1 HR shy of the major league record for a single postseason at the time (8, SF Barry Bonds in 2002, HOU Carlos Beltran in 2004)...four of his 7 HR came in the ALCS, tying the LCS record at the time...he became the first player to hit 5 HR (or more) in the postseason after hitting 10 HR (or fewer) during the regular season.*
- *Evan Longoria's 6 HR were a major league rookie record for a single postseason, until TB Randy Arozarena (10) broke it in 2020...the previous record was*

[1] ALDS, WS ROSTER ONLY; REPLACED INJURED CLIFF FLOYD ON WS ROSTER PRIOR TO GAME 4
[2] ALCS, WS ROSTER ONLY

4 HR, by FLA Miguel Cabrera in 2003...four of his 6 HR came in the ALCS, tying the LCS record at the time...all 4 HR in the ALCS came in consecutive games (Games 2-5), which remains tied for a LCS record...he turned 23 on Oct. 7, the youngest player in major league history to hit 6 HR (or more) in a single postseason.

RAYS SET POSTSEASON STEAL MARK

The Rays recorded 24 SB in the postseason, which remains a major league record ahead of the 1992 Braves (20) and 1975 Reds (20)...the Rays were caught just three times in 16 games.

ALCS MVP MATT GARZA

Matt Garza went 2-0 with a 1.38 ERA (13-IP, 8-H, 2-ER, 6-BB, 14-SO) in the ALCS...he won Game 3 and Game 7 for the Rays...it was the 11th time that a pitcher won ALCS MVP honors (10th different pitcher)...at 24, Garza became the youngest pitcher to ever win ALCS MVP honors, passing Mike Boddicker (26) of the 1983 Orioles.

DAVID PRICE

The 23-year-old top overall selection of the 2007 Amateur Draft became the quickest No. 1 overall pick to play in the World Series...he earned his first win at the major league level in Game 2 of the ALCS vs. BOS and recorded the final 4 outs in Game 7 for his first career save...at the time, he was the third rookie pitcher to record a win and a save in the same postseason series.

REMEMBERING A TRAILBLAZER

Andrés Reiner passed away on Aug 3, 2016, at age 80. Hired by the organization in 2006, Andrés was instrumental in reorganizing how the Rays approached recruiting and signing players in Latin America. He played a major role in the building of the Rays academies in Venezuela and the Dominican Republic.

Andrés transformed how baseball was scouted in Venezuela when he opened the country's first baseball academy for the Astros in 1989. Though many are aware of the 25 young men from that program who reached the big leagues, including Johan Santana, Bobby Abreu and Carlos Guillén, fewer know about the managers and coaches in minor league baseball who were influenced by Andrés. The Rays have several staff members who were signed by Andrés as players, including bullpen coach Jorge Moncada, field coordinator Alejandro Freire, Durham bench coach Reinaldo Ruiz, FCL Rays coach Germán Meléndez and DSL Tampa Bay manager Héctor Giménez.

Andrés pioneered the cultural transition programs in professional baseball. These are programs the Rays have established for young men signed in Latin America. The Rays stand with many others in tribute to a man who dedicated his life to growing our game and mentoring others to do the same.

EXPANDING INTERNATIONAL OPERATIONS

ETHAN RICHARDS / TAMPA BAY RAYS

BASEBALL IS A GLOBAL GAME. TODAY, MORE THAN ONE-FOURTH OF ALL MAJOR LEAGUERS WERE BORN OUTSIDE OF THE UNITED STATES.

As a result, the Rays have expanded the reach of their international operations. Entering the 2023 season, the Rays organization has players from nine countries—Australia, Canada, Colombia, Cuba, Dominican Republic, Mexico, Panama, South Korea and Venezuela—in addition to those from the United States.

While the organization spans the globe in search of talent, the main focus is in the Dominican Republic and Venezuela, where the Rays operate baseball academies.

In 2006, shortly after the ownership group led by Stuart Sternberg took control of the club, the Rays agreed to a partnership with the Los Angeles Dodgers in which the two organizations would share Campo Las Palmas in the Dominican Republic, long considered the gold standard for Dominican facilities. Campo Las Palmas was home to the Rays baseball academy and a summer league team until early 2009, when the organization inaugurated a new academy located on the property adjacent to the Dodgers. The complex had two full diamonds and a half field, clubhouse, gym, covered batting cages, classrooms, a dining area and living facilities that can accommodate up to 92 players. In 2018, the program claimed its first Dominican Summer League (DSL) title. Since then ownership has continued to invest in the academy with the installation of a turf field in 2024, and construction of additional buildings for training and development that they expect to be ready for use late 2025/early 2026.

In 2007, the Rays opened their Venezuelan baseball academy in Guacara, 100 miles west of Caracas. In addition to baseball fields, the Venezuelan academy includes a dining area and dormitory which can accommodate 56 players. The Rays played in the Venezuelan Summer League (VSL) in 2007 as part of a co-op team with the Cincinnati Reds before forming a team of their own in 2008. The program won VSL championships in 2009 and 2011. The VSL closed its operations after the 2015 season, prompting the Rays to add a second team in the DSL in 2016.

The Rays international efforts are overseen by Carlos Rodriguez, vice president of baseball operations and assistant general manager. Steve Miller enters his fifth season as director, international scouting, running the department and overseeing all scouts. Patrick Walters enters his fifth season as director, international operations, overseeing all operations at the Latin American academies. Jeff Johnson serves as manager, international scouting. Brad Budzinski was added to the staff in 2018 as an international crosschecker, and area scout Andrew Fabian,

ETHAN RICHARDS / TAMPA BAY RAYS

responsible for South Florida, will provide international crosschecking coverage for his second season.

Ronnie Blanco, former general manager of the Magallanes baseball club in the Venezuelan professional league and the Rays long-time director of Venezuelan operations, is assistant director, international operations.

The Rays maintain scouting programs in the Dominican Republic, supervised by Daniel Santana, crosschecked by Rigo De Los Santos and staffed by scouts Miguel De La Cruz, Remmy Hernandez and Jorge Perez; Venezuela, scouted by Juan Castillo, Carlos León, Sergio León, Marlon Roche, Carlos Rodriguez and Frank Tineo; Brazil, scouted by Tiago Campos; Colombia, coordinated by Angel Contreras and scout Alex Zuniga; Curaçao, led by Chairon Isenia; Panama, with Gustavo Zapata; and Mexico, with Karla Espinoza, the country's first female scout.

The Rays have also expanded scouting efforts in the Pacific Rim, Europe and Australia. Tateki "Bori" Uchibori, who served as an interpreter for former Tampa Bay infielder Akinori Iwamura, scouts for the Rays in Japan. In 2016, Joe Park was added to the Korean scouting staff. Keith Hsu covers Taiwan.

With rising numbers of international players, the Rays have also developed programs in the U.S. and in their Latin American academies to educate players, create cultural awareness and aide in their transition to the professional setting. Today, these programs cater to international and domestic players alike and have grown to include language training, life skills, professional development and education on social issues. The programs are overseen by George Pappas, director, minor league operations. Jairo De La Rosa, assistant director, Latin America Player Programs, organizes initiatives in the academies and in the U.S., which are supported by Ethan Richards in Florida and Gilberto Fernandez in the Dominican Republic and Venezuela. He also supports players and staff in their transition to the United States and aids in the integration of player plans. The education program is also supported by Ryan Burnett, assistant, minor league operations; Welington Castillo, player development specialist and former big leaguer; and Milton Jamail, who begins his 19th year in the organization and fifth as advisor, player education.

2025 FIRST-YEAR PLAYER DRAFT

The annual First-Year Player Draft is scheduled for July 13-15 in Atlanta. For the fifth consecutive year, it will be held as part of the All-Star Game festivities. The Rays hold the No. 14 overall selection. In 2024, the club selected CF Theo Gillen out of Westlake High School (Texas) with the No. 18 overall selection.

This year is the 61st First-Year Player Draft and the 30th in Rays history. It was on June 8, 1965 that the Oakland Athletics selected Arizona State outfielder Rick Monday with the first-ever pick. Since its inception, over 69,000 players have been selected in the First-Year Player Draft. The Rays have made 1,316 of those. Among the major sports, baseball was the last to adopt a draft. The NFL was first in 1936, followed by the NBA in 1947 and NHL in 1962.

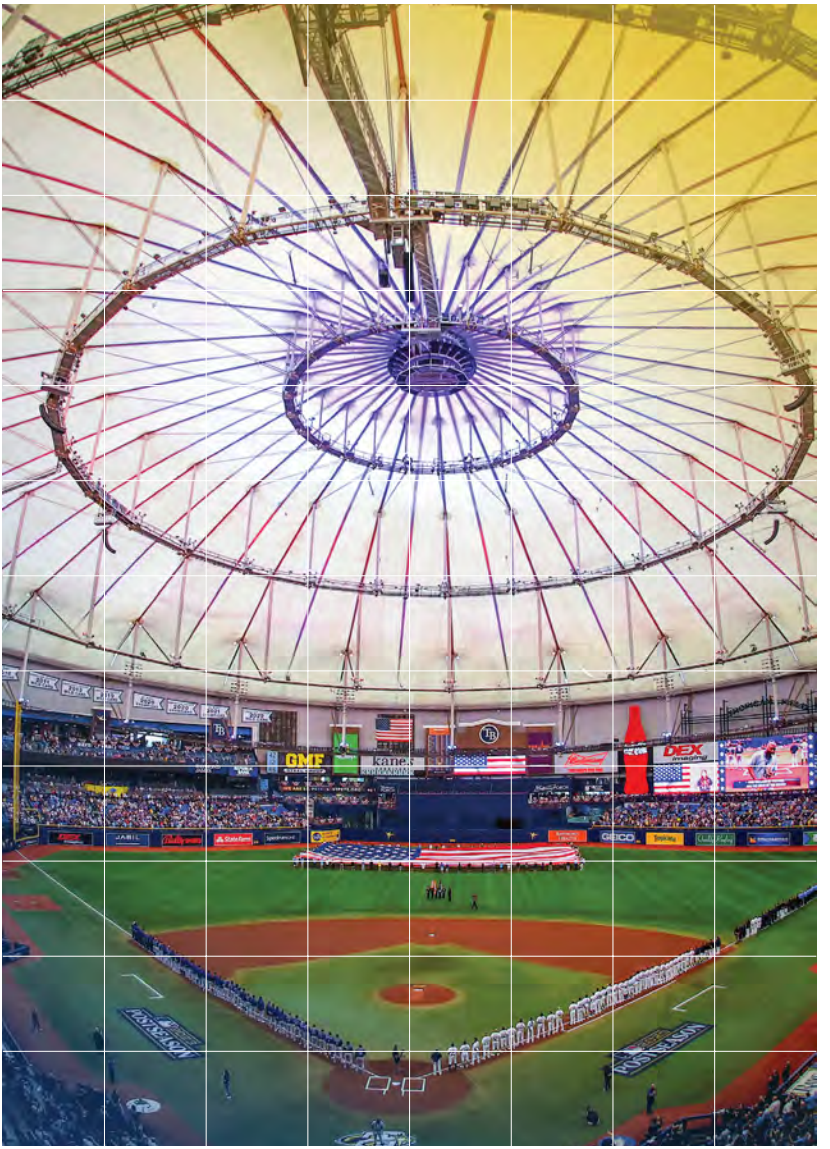
TROPICANA FIELD & MISC.



TROPICANA FIELD

MATT MAY / TAMPA BAY RAYS

- The WWE Royal Rumble was held on January 27, 2024, drawing a Tropicana Field-record crowd of 48,044, surpassing an Aug. 11, 1990 New Kids on the Block concert (47,150).
- In 2023, Tropicana Field added The Shortstop at the Budweiser Porch, which uses Zippin's platform for a checkout-free experience. Customers can tap or swipe a credit card in addition to the option to pay with the MLB Ballpark app. The Rays also upgraded their main and side display video boards to DigiLED Vision A10o panels. These panels have been optimized by dialing in the latency, color science and viewing angle to best suit Tropicana Field.
- Since 2005, the Rays have invested more than $57 million in upgrades to Tropicana Field.
- In 2022, Tropicana Field introduced a new seating area just past the home dugout called The Chalk Box, featuring oversized padded seats with armrests, cupholders and side tables.
- The Rays Museum opened in the left field alcoves prior to the 2022 season. Each alcove highlights distinct features of the organization's history, including the American League Championship seasons, Devil Rays era, the franchise's most impactful players and more.
- Prior to the 2020 season, Tropicana Field transitioned to exclusive use of mobile tickets to improve ballpark security, limit fraudulent entry and reduce paper waste. Tropicana Field was also announced as the first cash-free sports venue in North America in 2019.
- In 2019, the existing field lights were replaced with energy-efficient LED lights, enhancing on-field playability and in-game entertainment.
- In 2018, the Rays partnered with Levy to overhaul the food, beverage and retail experience, including "food halls" and a renovated team store.
- Knotless safety nets were installed from the inside of the dugouts to the far ends of the dugouts in 2017 and then extended out to the ends of Sections 125 and 126 two years later.
- Between 2013-14, the Rays added 360-degree pedestrian circulation around the lower seating bowl. The improved circulation provides easier access to and from ballpark gates, concessions and activity areas throughout the facility.
- Over 2006-07, the Rays invested more than $18 million toward ballpark improvements, including the creation of the Rays Club.
- Originally named the Florida Suncoast Dome, Tropicana Field's 1.1 million square feet include unique design features and fan amenities.
- The venue opened to the public on March 3, 1990, at a cost of $138 million. It became the ThunderDome in 1993 with the arrival of the National Hockey League expansion franchise, the Tampa Bay Lightning. It was renamed Tropicana Field on Oct. 4, 1996, in accordance with a naming rights agreement between the Rays and Bradenton's Tropicana Dole Beverages.
- Tropicana Field is the world's only professional sports facility that features live rays. The 10,000-gallon Rays Touch Tank opened in 2006

and is located just behind the right-center field wall. There are over 20 cownose rays that fans can touch during the game through a unique partnership with The Florida Aquarium.

- Tropicana Field and Toronto's Rogers Centre both feature an artificial surface and all-dirt base paths. Only four other artificial turf ballparks have ever featured all-dirt base paths: Houston's Astrodome (1966-71), San Francisco's Candlestick Park (1971), Pittsburgh's Three Rivers Stadium (1970-72) and St. Louis' Busch Stadium (1970-76).
- The Rays installed new Shaw Sports Turf ahead of the 2024 season, the eighth surface in 26 seasons. They began play in 1998 on AstroTurf, went to a FieldTurf surface in 2000 and FieldTurf's improved product in 2007. In 2011, AstroTurf installed Game Day Grass 3D-60 H. The first of four Shaw Sports Turf surfaces was installed in advance of the 2017 season.
- Tropicana Field features the world's largest cable-supported domed roof. It is made of six acres of translucent, Teflon-coated fiberglass and supports itself with 180 miles of cables connected by struts. Opposing forces of tension and compression keep the roof in an arc. The roof is slanted at a 6.5-degree angle, dropping from 225 feet above second base to 85 feet at the center field wall. The slanted roof reduced construction costs and decreased the volume of air under the dome by 16.8 million cubic feet, decreasing the amount of air requiring climate control. It is built to withstand winds of up to 115 miles per hour.
- Though originally built for baseball, there have been 15 other varieties of sporting events held at the venue: hockey, basketball, football, sprint car racing, gymnastics, soccer, tennis, weight lifting, wrestling, table tennis, karate, motorcycle racing, equestrian events, track and figure skating.
- In addition to the 2008 World Series, the facility was home to the 1999 NCAA Men's Basketball Final Four featuring Duke, Ohio State, Michigan State and eventual-champion Connecticut.

GEORGE M. STEINBRENNER FIELD

On November, 10, 2024, the Rays announced that the team will play the 2025 regular season at George M. Steinbrenner Field in Tampa—the spring training home of the New York Yankees. The Rays ballpark, Tropicana Field in St. Petersburg, was significantly damaged on October 9 by Hurricane Milton and will not be available in 2025. The phase-in of the Rays will begin at the conclusion of the Yankees spring training schedule.

BUSINESS ARRANGEMENT

- All 2025 Rays home games will be hosted at Steinbrenner Field. The playing of potential postseason games has not yet been determined and would be jointly considered by the Rays, Yankees and Major League Baseball.
- The Rays use the home clubhouse as their clubhouse and have access to the Yankees workout and training facilities in the main stadium, including those in the newly constructed player and baseball operations building adjacent to the stadium.
- The Rays created a unique, team-branded atmosphere for fans to enjoy, temporarily altering or minimizing existing Yankees marks, installations and brandings throughout the stadium. The statue of George M. Steinbrenner at the main stadium entrance remains in place.
- Game day stadium operations are run by the Rays in conjunction with a limited number of Steinbrenner Field staff. Parking for fans is available in a similar fashion to Yankees spring training games, with the majority of spaces located at Raymond James Stadium, home of the NFL's Tampa Bay Buccaneers, across the street.
- The Rays front office staff continue to be based out of their interim office location, the former United Property & Casualty Insurance Company building located at 800 2nd Avenue South in St. Petersburg, with a limited number of offices at Steinbrenner Field. Yankees and Tampa Tarpons front office employees with offices at Steinbrenner Field have not been displaced or relocated. However, Tarpons team field staff whose lockers and desks are in the clubhouse were relocated to the Himes Minor League Complex.
- The Yankees retained the sole right to schedule non-baseball events in the stadium bowl, such as concerts or soccer matches, when the Rays are on the road. The Rays will be consulted in advance of such plans, and appropriate care will be taken to preserve the integrity of the field.
- The Tampa Tarpons, Class-A affiliate of the Yankees, play their home games on the grounds of the Steinbrenner Field complex at Field 2, located adjacent to Dale Mabry Highway.

STADIUM

- Opened in 1996 as Legends Field, the facility was renamed to George M. Steinbrenner Field on Feb. 14, 2008 following two unianimous resolutions recommending and supporting the change from the Hillsborough County Commission and Tampa City Council. The resolutions cited Mr. Steinbrenner's many charitable donations to youth activities, hospitals and the arts,

and recognized his numerous extraordinary contributions to Tampa Bay.

- This season marks the 30th year the Yankees have hosted spring training at Steinbrenner Field. The 31-acre complex, which has the largest capacity of any spring training ballpark in Florida for Yankees games (11,026), also serves as a year-round space for events such as concerts, corporate meetings and conferences, baseball tournaments, birthday parties, and other special events.
- The facility features 12 distinct event spaces spanning over 60,000 square feet, including an indoor pavilion, dugout club, outfield cabanas, luxury suites and multiple indoor and outdoor club areas.
- The on-field dimensions were designed to mimic those of both the old and new Yankee Stadiums.
- Steinbrenner Field was briefly home to FC Tampa Bay of the USSF Division 2 Professional League in 2010.
- The stadium underwent a $40 million renovation following the 2016 season, adding new seats, roof replacements, an improved entry plaza, new luxury suites and club areas, and an upgraded outfield concourse.

RECENT RENOVATIONS

Over the last several years, Yankees ownership has dedicated time and financial resources toward renovating facilities for the organization's players, field staff and team personnel. At Steinbrenner Field—which serves the major league club during spring training and the Class-A Tampa Tarpons during the summer—a complete modernization of the clubhouse and player training facilities was made in two phases and completed in time for 2025 spring training.

- **The first phase**, begun in the fall of 2023 and completed prior to 2024 spring training, included an overhaul and redesign of the main dressing area of the home clubhouse, along with its bathroom and shower areas, and the addition of a dedicated barber area. Additionally, the playing field in the main bowl was redone, with the replacement of soil, pipes, drainage, grass and the netting around the field. Cameras were installed in the bullpens and TVs were added to the dugouts. Additionally, a building containing a dedicated visitors batting cage and visitors weight room was constructed adjacent to the visitors' clubhouse on the third-base side of the stadium.
- **The second phase**, which began construction at the conclusion of 2024 spring training and was completed prior to the 2025 spring season, provides a comprehensive, state-of-the-art renovation and expansion of player, field staff and baseball operations facilities. Many such areas are housed in a new multi-story building constructed adjacent to the first-base side of the stadium and seamlessly connected to the prior clubhouse footprint inside the main stadium bowl. Remodeled, relocated and/or expanded areas include the weight room, training room, women's locker room, players lounge/dining area and family lounge. Additionally, there are new player and staff meeting rooms, a new dedicated clubhouse kitchen, new offices to accommodate baseball operations employees, and new offices for the general manager and senior baseball staff.

Following an 18-month renovation, the park became the Rays official spring home on Feb. 25, 2009, when Tampa Bay hosted the Cincinnati Reds. The Rays went on to set the club spring training attendance record and sold out eight home games in their first season in Charlotte County. RAYS HALL OF FAME

THE RAYS HALL OF FAME WAS ESTABLISHED IN 2023 IN CELEBRATION OF THE ORGANIZATION'S 25TH ANNIVERSARY SEASON.

The Rays Hall of Fame was created in order to celebrate former players, managers, coaches, broadcasters and executives who made exemplary contributions to the franchise. The inaugural class included senior advisor Don Zimmer, who spent more time with the Rays than any other organizations during his 66 seasons in professional baseball, Tampa native and Hall of Fame third baseman Wade Boggs, and star homegrown outfielder Carl Crawford. The three inaugural members were inducted during the 2023 season. The inductees are honored in Tropicana Field's Gate 1 Rotunda and in a historical alcove located in the left field concourse.

The 2024 Rays Hall of Fame class included longtime broadcaster Dave Wills, who served as the radio voice of Rays baseball for 18 seasons, and National Baseball Hall of Famer Fred McGriff, a Tampa native who played parts of five seasons in Tampa Bay and was a member of the Devil Rays inaugural roster.

WADE BOGGS / THIRD BASEMAN

INDUCTED **2023** YEARS WITH RAYS **1998-99, 2001**

After 16 major league seasons with the Red Sox and Yankees that saw him collect countless accolades, including a 1996 World Series championship in the Bronx, H.B. Plant High School graduate Wade Boggs chose to return home to suit up for the majors' newest franchise, signing with the Tampa Bay Devil Rays in December 1997. Boggs brought experience, credibility and veteran leadership as the club navigated its first two seasons. He recorded the first home run and RBI in franchise history on Opening Day in 1998. On August 7, 1999, he became the first player to join the illustrious 3,000-hit club in a Devil Rays uniform. His homer off Cleveland's Chris Haney made him the first player in major league history to record his 3,000th hit via the long ball. The location of his iconic home run remains marked by a yellow seat in Section 144 at Tropicana Field.

Throughout his career, the 12-time All-Star won five AL batting titles, eight Silver Slugger awards and a pair of Gold Gloves at third base. He was the first player to have his number retired by the Devil Rays when his No. 12 was hung in the rafters of Tropicana Field in 2000. Following his playing career, Boggs returned to Tampa Bay for a stint as the Devil Rays hitting coach during the 2001 season. He was inducted into the National Baseball Hall of Fame in 2005, becoming the first player from the Tampa Bay region to earn the honor.

> "I was very fortunate to wear many hats — that of a player, assistant general manager, a hitting coach and even, with my partner, a broadcaster with Dewayne Staats. But that hat that I will wear now that I'm most proud of, that will be the hat of a Tampa Bay Rays Hall of Famer."

TAMPA BAY TIMES

CARL CRAWFORD / OUTFIELDER

INDUCTED **2023** YEARS WITH RAYS **2002-10**

Widely regarded as the organization's first homegrown star, Carl Crawford bridged the gap between the Devil Rays and Rays eras, developing from a second-round selection in 1999 into a four-time All-Star. "CC" was one of the most dynamic players in the majors during his time in Tampa Bay, pacing the AL in triples and steals four times each in addition to winning Silver Slugger and Gold Glove awards to cap his Rays tenure in 2010. He was the first player in Rays history to earn All-Star Game MVP honors, taking home the accolade in 2009 following his iconic leaping catch at the outfield wall to prevent a potential go-ahead home run in the 7th inning. Crawford played an integral role in transitioning into the Rays era, helping the club to division titles in 2008 and 2010 and a World Series run in 2008.

Crawford remains the Rays all-time leader in batting average (.296), hits (1,480), triples (105), stolen bases (409) and sacrifice hits (31). He holds club single-season records for steals (60, 2009), triples (19, 2004) and runs (110, 2010) and owns a share of the major league record with six stolen bases in one game, which he accomplished on May 3, 2009 against the Red Sox.

Tropicana Field's left-field was shortened to its current height of four feet, 11 inches during Crawford's Rays tenure in order to give him the opportunity to further showcase his defensive skills. "It's Carl's wall," Rays principal owner Stuart Sternberg told MLB.com on the day of Crawford's induction ceremony.

> "It was just like home, like a second home. I was 17 years old when I got drafted and came here to Tampa [Bay] for the first time. Felt like I grew up here, learned a lot of stuff here, so it definitely had a special place in my heart."

FRED McGRIFF / FIRST BASEMAN

INDUCTION DATE **Sept. 1, 2024** YEARS WITH RAYS **1998-2001, 2004**

One of the most productive hitters in the Devil Rays era, Fred McGriff was acquired by Tampa Bay from the Atlanta Braves following 14 seasons, four All-Star selections, an All-Star Game MVP trophy, three Silver Slugger awards, six top-10 MVP finishes and a 1995 World Series title. He was the first player in the modern era to win a home run title in both leagues, claiming the American League crown in 1989 before earning the National League title in 1992. Famously cut from Tampa's Thomas Jefferson High School baseball team as a sophomore, McGriff's hard work and perseverance led to a ninth-round selection by the Yankees in the 1981 First-Year Player Draft out of high school. Six years later, he began his big league career with the Blue Jays. The left-handed slugger served as Tampa Bay's clean-up hitter over the club's four seasons of existence before returning for a brief 27-game stint to conclude his career in 2004, hitting 99 home runs and collecting 359 RBI over 577 games in a Devil Rays uniform.

McGriff is the Rays all-time leader in both on-base percentage (.380) and slugging percentage (.484). He also sits among the club's leaders in walks (6th, 359), RBI (8th, 359) and home runs (8th, 99).

The Tampa native made his fifth and final All-Star Game in 2000, his last full season with the Devil Rays. McGriff was inducted into the National Baseball Hall of Fame in 2023, becoming the fourth Tampa Bay native in the Hall, along with Wade Boggs, Tony La Russa and Al Lopez. He joined Boggs as the only former Rays players to be enshrined.

> "[This] means the world to me growing up and living in Tampa Bay. This is home. It will always be my home. And I will have a connection forever with the Tampa Bay Rays. Thank you from the bottom of my heart."

DAVE WILLS / BROADCASTER

INDUCTION DATE **April 14, 2024** YEARS WITH RAYS **2005-23**

For 18 seasons, the booming, distinct voice of longtime Rays radio announcer Dave Wills was synonymous with Rays baseball. Wills was behind the microphone for some of the most iconic moments in franchise history, including World Series runs in 2008 and 2020 and Game 162 against the Yankees in 2011. His infectious personality, passion for storytelling and ability to make anyone laugh made him a fan favorite and, along with partner Andy Freed, half of one of the top broadcasting duos in the majors.

Before joining the Ray in 2005, Wills spent 11 years calling games on White Sox radio broadcasts in his native Chicago after beginning his play-by-play career with the minor-league Kane County Cougars from 1991-95. He also served as the radio play-by-play voice for the University of Illinois-Chicago's men's basketball team from 1997-2005 in addition to other miscellaneous broadcast work.

Wills passed away on March 5, 2023 at the age of 58, but his impact on the Rays organization will be felt for years to come.

> "I've described him as somebody you ran towards. There are those rare people who, when you see them, you just want to be next to them and hear them. We were so fortunate, and we knew that all along. Nobody epitomized what it was like being a Ray and what it meant to be a part of this organization more than Dave Wills did."

DON ZIMMER / SENIOR ADVISOR

INDUCTED **2023** YEARS WITH RAYS **2004-14**

Baseball lifer Don Zimmer was the first member of the Rays Hall of Fame, having been inducted during a pregame ceremony on April 2, 2023. He spent 66 years spanning parts of eight decades working in professional baseball, but his 11 years with the Rays were his most with any franchise. Of those 66 years, 56 were spent in the majors as a player, coach and manager. "Zim" reached the postseason 19 times, winning a total of six World Series championships. Zimmer, who moved to the Tampa Bay region in the late 1950s, relished the opportunity to come home and join the then-Devil Rays in 2004. He played a crucial role in the development of the organization's prospects, including Carl Crawford and Evan Longoria.

Despite working in a front office capacity with the franchise, he continued to wear a uniform each year, with his number reflecting his total years in pro baseball. He was a senior advisor with the Rays for the final 11 years of his life.

Zimmer passed away on June 4, 2014 at age 83, but his value to the organization continues to endure. His No. 66 was retired by the Rays in 2015 and the annual team MVP award still carries his name.

> "He was one of the most charismatic and iconic personalities our sport has ever seen. With a career spanning an incredible 66 years, Don was a true legend in the game."
